The school of Humanities, Arts and Social Sciences has as its main purpose to provide a good quality education, both in the programs offered by the School, as well as in basic skills training courses and in Socio-humanistic training, so that our students develop critical-analytical, expression and communication skills, as well as their social and civic commitment. The School of Humanities, Arts and Social Sciences is composed of four academic programs of professional formation: Psychology, Architecture, Social Communication and Journalism, and Design. Likewise, the School structures and administers three academic areas: Language, Socio-Humanistic Training and Philosophy, to contribute in the integral formation of the students of Universidad de Ibagué.

The Architecture program of Universidad de Ibagué started in the first semester of 1997, received official registration by the Ministry of National Education in 2006, and renewal in 2013. Currently, there are 495 undergraduate students and 571 graduates; a faculty of 10 full-time professor and 29 adjunct professors. In accordance with the organizational mission, and commitment to regional development, the Architecture Program's mission is to train students in the field of urban and architectural spatiality of the region and provide, from the perspective of higher education and humanistic and universal vision, spatial solutions to the significant problems and present and future needs of the country and the

region, promoting the sustainable, economic, social and cultural development of its inhabitants.
